# BY ELECTION FOR COUNCIL ON JUNE 9th

To Fill Vacancy Caused by Dropping Out of W. Perrins—Council Regulates Use of Water for Garden Purposes.

The town council held a short session for its regular meeting last Monday evening. Mayor Pitt occupied the chair and councillors Layland, Lavelle, Irongton and Keats were present.

In the business arising out of the minutes of previous meetings, a by-law providing for a license for motor trucks was introduced, given its second readings and passed. The by-law provides for a \$15.00 license for first truck and \$5.00 for each additional truck.

Mr. Touk waited on the council and wanted to know whether the council supplied the town with milk were expected to find grazing for their cattle. He explained that in part it had been understood that cattle would be run on the vacant land south of the Medicine Hat trail. Now, however, their cattle were impounded as some people had planted potatoes and for a time it looked as though they would surely add a few more goats to their string. In this, however, they were unsuccessful and the game warden with the score 2 to 0 in Redcliff's favor. The previously undefeated Calles met their Waterloo and Redcliff is now at the top of the list in the Cup tie series.

The teams lined up are as follows: Medicine Hat—Athina, Gidley, C. Dale, Morrison, Burns, Renner, Mar Woods, Nichol and Smith.

Redcliff—Gillbanks, A. Leeson, Smith, Lehey, Simmons, Osoford, D. W. Watson, MacLean, Mackill and Hodge.

The question of supplying water for gardens was brought up and came in for considerable discussion. It was finally decided that water for this purpose could only be used on Monday, Tuesday, Wednesday, Thursday and Friday evenings from 7 to 8 o'clock, and then only through a quarter inch nozzle. No water is to be used for this purpose on Saturdays or Sundays as repairs are being made to the pumping plant. Any one violating this ruling will be prosecuted without any further warning.

The question of the existing agreements with the different industries regarding water supply came in for discussion and the town solicitor was instructed to secure said agreements for the next meeting of council.

The council then adjourned and met as a committee of the whole.

## G.W.V.A. Event Was A Great Success

The last Friday and dance held in Redcliff hall last Friday evening under the auspices of the G. W. V. A. attracted one of the largest crowds gathered in this hall for some time. As advertised the first part of the evening's program was a whist drive. In this all the tables were well filled and from start to finish the play was keen rivalry for the excellent prizes offered. When the scores were finally tallied up it was found that the whist drive was won by the G. W. V. A. Kops and the gentlemen's first by W. H. Hatcher. The consolation prizes were captured by Mrs. D. MacLellan and J. Reiser.

After the distribution of the prizes the veterans' orchestra furnished the signal for the next item on the program by playing a dreamy waltz. After a few refreshments were served and all when the refreshments were gathered up this pleasant affair was again resumed.

On the whole the evening was a most enjoyable one and furnished an ether proof that people make no mistake in attending anything gotten up under the auspices of the G. W. V. A.

The "reconstruction" congress, assembled in extraordinary session under a call issued by President Wilson from Paris, marks the return to power of the Republicans and loss by the Democrats of control of the legislative body. Organization of both the senate and the house by the new majority was principal business.

## Redcliff Wins Out In Cup Tie Series

In a game filled with excitement and enthusiasm from the initial kick off till the calling of time, the Redcliff football team won the first Cup Tie game played here last evening. With the exception of a slight north wind blowing the weather and grounds were ideal for the game. In the first half the game was played with the wind in their favor and during the whole half they had much the best of the play. With only one or two exceptions the ball was kept well down on the Hat defense throughout this period. After fifteen minutes play the offensive of the locals was rewarded by scoring a goal on a pretty piece of combination between McLean and Hodge from the corner of the field with a shot into the goal which sent them into the lead. The ball was again faced off and almost before the cheering for the first goal had subsided another goal was scored in much the same manner as the first. For the balance of this half the play was more evenly divided but the goals were few.

With the changing of positions for the second half the visitors started off showing considerably more pep and for about nine minutes they made desperate efforts to locate the Clifflers. Gillbanks was there with the goal and kicked several sensational rushes. For the next ten minutes Redcliff came back strong and made a series of attacks on their opponents and for a time it looked as though they would surely add a few more goals to their string. In this, however, they were unsuccessful and the game warden with the score 2 to 0 in Redcliff's favor. The previously undefeated Calles met their Waterloo and Redcliff is now at the top of the list in the Cup tie series.

The teams lined up are as follows: Medicine Hat—Athina, Gidley, C. Dale, Morrison, Burns, Renner, Mar Woods, Nichol and Smith.

Redcliff—Gillbanks, A. Leeson, Smith, Lehey, Simmons, Osoford, D. W. Watson, MacLean, Mackill and Hodge.

## LOCAL G.W.V.A. NOTES

The public opening of our club rooms, which are now ready, will take place on June 3rd, that being the King's birthday. There will be a formal opening ceremony at 12.15 P.M., conducted by Capt. C. S. Pingle, M.P., our honorary president. A whist drive, social and supper will follow the opening ceremony. Since the advent of Redcliff has assisted us very liberally and willingly in all our efforts since organizing we want them to come and enjoy the comforts of our club rooms and see for themselves just what we have been doing during the past month. In order to cover expenses we are making a nominal charge of 25 cents for old and young male and female.

At the General Meeting of the Association held on Sunday, 25th inst., Mr. James of the Great War Veterans Association, Company, addressed the boys in the industrial prospects of Redcliff and fully detailed the work of his organization. Mr. Brown, of the G. W. V. A., continued in the following manner being voted upon and unanimously carried: The Redcliff Branch of the G. W. V. A. of Canada wishes the public of Redcliff to know that they fully endorse the work of the Dominion Manufacturers' Association and that they will give their moral and, when possible, financial support to the company."

A meeting of the delegates who were elected to attend the Dominion convention of the Great War Veterans Association, was held in the office of President A. Hazelden, on Monday evening, the 26th inst. The delegates, representing the G. W. V. A. of Redcliff, were: Mr. Brown, of the G. W. V. A., and Mr. Brown, of the G. W. V. A. of Redcliff. They were elected to represent the G. W. V. A. of Redcliff at the Dominion convention, which will be held in Regina, Saskatchewan, on June 30th and July 1st. The delegates will be accompanied by Mr. Brown, of the G. W. V. A. of Redcliff, who will be in charge of the delegation.

## BRUTUS U.F.A. HOLDS PICNIC VICTORIA DAY

Large Crowd in Attendance and Picnic Great Success—Good Program of Sports and Addresses.

The U. F. A. of the Brutus and Binville districts held a most successful picnic last Saturday (yesterday) on the farm of Floyd Derrick. Close to 500 people were in attendance and all thoroughly enjoyed themselves.

A good program of sports was presented, which included foot races, soccer, basketball and a tug-of-war. Probably the most exciting contest was the tug-of-war, one team of Binville and another of Brutus, pulling against each other. It took three pulls to decide the winner, the Binville team winning the first and third pulls, thus winning the contest.

Following are the prize winners in the other contests: Boys' race, 12 to 15 years, 100 yard dash—1st, Fred Krammer; 2nd, Carl Krammer. Boys' race, under 12, 50 yard dash—1st, Oscar Struel; 2nd, Otto Strovel; 1st, Hans Krammer. Ladies' race, 50 yards—1st, Virginia Benjamin; 2nd, Maude Truman. Men's 100 yard dash—1st, Floyd Vaughn; 2nd, Billie Leashure. Fat Men's race, 50 yards—1st, Newton Benjamin; 2nd, G. Jones. Ladies' race, 50 yards—1st, Virginia Benjamin; 2nd, Mrs. F. Vaughn; 3rd, Mrs. Swaine. Three-legged race—1st, F. Derrick and G. Hayes; 2nd, G. Boyd and F. Vaughn. High jump—1st, F. Vaughn. Long jump—1st, S. C. Weber; 2nd, F. Derrick. Horse races—4-mile dash—1st, C. H. Christensen; 2nd, Herman Twinkie. Novelty horse race—1st, C. H. Christensen; 2nd, C. H. Christensen.

The following line-up and result of the baseball game: Brutus—W. J. Wilson, 3d; Masters; C. Kenden; H. Brown; 2d; Coyne; B. Dewar; 1st; Hays; F. Vaughn; 3d; B. Boyd, 1st.

## REMOVE THE CAUSE.

As a result of the turmoil and uncertainty caused by the strike situation throughout the west, people are now beginning to ask themselves where is the thing going to end. It might be more to the point if we were asking ourselves: "Where did it begin?" and if we can get an answer to that question we can immediately take steps to remove the cause and see that it is removed for all time to come.

In looking for answer to this question we will find if we go back to the beginning that the trouble was started by a number of Doukhobors and Austrians in one of the plants in Winnipeg. If the cause is to be removed there is only one way to do it and the Winnipeg Free Press points out that way in an editorial of recent date. In an editorial of the "red five" men who are engineering the whole affair in Winnipeg the article says in part:

"The surest way to break the hold of the anarchist five upon labor is to clean the streets out of this community. They have got to go; bag and baggage, back to the happy homes in central Europe, which vomited them forth a short time ago, and their places must be taken by clean, decent, honest Canadian workmen, preferably by men who fought for this country, while the 'red' leaders and their foreign war upon them and their cause from the rear."

"We do not need to go far away from our own doors to be convinced that the Free Press is hewing to the line regardless of where the chips fly. We have the same element to contend with here and the sooner we get this fact into our system and proceed to take steps to remedy conditions the better for all concerned. It is not hard to see why this element is taking such an active part in all labor movements at the present time. They know that every day is bringing back to Canada hundreds of our own very best sons who were promised when they went away that their positions would be open to receive them when they came back. They know that Canadian employers meant what they said when they made that promise, and they know that now that promise is about to be fulfilled. The reason they are trying to achieve through their collective bargaining and making it compulsory for them to produce union cards before being given employment is because they know that the men who went out to fight wars for us are one class to do their bargaining or fighting and that a large percentage of them never owned a union card.

We are as anxious as any one in the world to see the laboring man enjoy the fruits of his labor and to see his conditions in this life made as pleasant and happy as possible but we all know that great reforms cannot be brought about in a night, nor do we think it is the proper time to start such a movement as is being forced on the innocent public just now.

You cannot split the world asunder, drench it in blood, lay a portion of it in utter ruin, up-

set economic traditions, create new standards, and then restore it all by the signing of an armistice or the calling of a general strike. The former may pave the way for that restoration but the latter simply makes the task the more difficult.

## ONE REMEDY.

Quite frequently we hear people in the smaller places lamenting the fact that so much of the money made in these places finds its way to the larger centres for the purchase of goods that should be bought at home. While we admit the unfairness of this and that it only acts as a boomerang in retarding the progress and development of the smaller places, yet we know that it cannot be wholly obliterated so long as human nature is human nature. For instance there will always be those in Redcliff who will want to go to Medicine Hat to shop. There will be those who will want to go to Calgary. From Calgary they will go to Winnipeg; from Winnipeg to Toronto; from Toronto to Montreal; from Montreal to London; from London to Paris and so on. But to a certain extent this can be limited if those concerned will only look into the causes and by concerted effort put forth every endeavor to eliminate those causes.

To our mind one of those causes is the utter lack of amusement, recreation and entertainment in the average small town, and we firmly believe that a large percentage of the money which goes out of the small towns goes out by the entertainment route. By this we mean that a large number of people, especially young people, who work from eight to ten hours a day and have four, five or six hours a day for recreation, are attracted to the larger centres just to put in the time, and when putting in this spare time they spend money which otherwise would be left with the local merchants.

"This being the case, one of the greatest needs for Redcliff and similar towns is some concerted action along the line of providing sports and other amusements. We have a good live football team which is advertising and making a reputation for the town. But all people are not interested in and do not play football. We should encourage and support junior and senior baseball clubs, tennis club, golf club, bowling on the green, etc., and make some provision for a swimming pool.

With all or at least some of these lines in a thriving condition the question of amusement would be largely solved and everybody in this place would benefit by it. It can be done and done easily. The only question is who are the ones to start the ball rolling.

Redcliff won the cup tie on Wednesday and we had a good soaker of rain today. Still there are those who are talking of striking. Some people are surely fond to please.

## Free Rate for Cattle

Expires on June 16th

The Deputy Minister of Agriculture for the province has received notice from the live stock branch at Ottawa that cattle that were moved north last year on account of the scarcity of feed in the south will require to be loaded and shipped on or before the 16th day of June in order to get the free rate for return to the south.

## PROVISIONS OF WILD LANDS TAX ACT MODIFIED BY RECENT AMENDMENTS.

At the last session of the Provincial Legislature the Wild Lands Tax Act amended by legislation introduced by the Minister of Municipal Affairs, under whose direction this Act is administered. One of the outstanding features of the amendments is the widening of the provisions under which exemption from the tax might be secured. As the Act has been in force during the past four years, all cultivation, or pasturing of land whereby exemption might be secured, was required to take place within the year of the assessment in which the tax was levied. This being the case, the purchaser of land from the Dominion government, or from the Canadian Pacific Railway company, who made his purchase on the basis of the year, has no opportunity to earn exemption from the wild lands tax in the following year, this was unfair, as the purchaser in question had no control of the land during the previous year, and was thus prevented because of a condition of sale from obtaining the exemption which might be granted if the cultivation takes place prior to the first day of August in the year in which the tax is levied, or if the land is pastured for the year prior to the first day of July of the year in which the tax is levied. The amount of cultivation and the number of head of cattle pastured, is left as it was, namely, exemption is granted for the land cultivated, and there must be stock in the proportion of one head of cattle for every acre, or three sheep, to every ten acres. The provision in regard to residence exemption also remained the same, namely, a bona fide farmer who resides on his land and has a minimum of 640 acres, and such land may be any place within a radius of ten miles from his place of residence.

During past years the administration of the Wild Lands Tax Act has been criticised on account of the fact that large areas were sometimes assessed under this Act that were really exempt from such tax. Because the large areas given to each assessor to cover, this was unavoidable as it was impossible for him to see all of the land in his district, and he had, therefore, to depend for much of his information on hearsay evidence from parties in the community. This led to a good deal of mismanagement, and many mistakes were made. This condition of affairs was of course very unsatisfactory, and provision has been made whereby, commencing with the current year, all land taxed under this Act will be actually seen by the person responsible for the assessment.

In the organized portions of the province, that is, in the Municipal Districts, this tax will be levied by the Municipal District, and it will be the duty of the official levying the taxes for the district to obtain information as to what lands in his district are subject to this tax, and there should be no doubt that each assessor must see all the land that he assesses; no hearsay evidence will be taken. This will insure a proper assessment in the unorganized territory as well as in the organized areas, and it will do away with the possibility of a man being assessed for land which he is cultivating or on which he has probably made home for a number of years.

The placing of the wild lands tax assessment in the hands of the Municipal District will also tend to do better service in other ways; that is, all taxes on lands in Municipal Districts with the exception of school taxes in some cases, will now be payable to one official, that is, to the secretary-treasurer of the Municipal District. There will only be one tax roll, and only one tax notice and one tax receipt will be necessary. A party who owns land in a Municipal District will not receive any tax notice from the Department of Municipal Affairs. He will only receive one tax notice from the secretary-treasurer of the Municipal District in which his land is situated, and this notice will show all taxes payable by him, and a clear receipt from the secretary-treasurer of the Municipal District will be evidence that all his taxes have been paid. Where school taxes are not levied by the school district, the landowner will, of course, receive a tax notice from the school district in addition to that from the Municipal District.

As far as the unorganized portions of the province are concerned, that is the Improvements Districts, all taxes levied on land by the provincial government will be shown on one tax notice in place of two or three in the past, and the receipt of payment will be acknowledged on one receipt form, and all such tax notices and tax receipts will also fill out the returns to the provincial government for the assessment of taxes levied against the land.

## Regarding Teacher's Salaries

(Copy Furnished by the Local Teachers' Alliance.)

The salary of the new superintendent of schools in Chicago is \$18,000. He gets 50 per cent more than his predecessor. A schoolmaster with a weekly pay envelope of \$345!

What ails Chicago? asks the country, as it did a few years ago when the same city elected a woman to head its school system. What has blown the windy city into this field of wild money-spending? Has the city found a superintendent so far superior to all other educators?

No! Chicago simply thinks the job is worth the money, feels that the man who directs the education of its 300,000 future citizens holds a supremely responsible position. Chicago is investing, paying a huge premium for good citizenship insurance. Eighteen thousand a year is Chicago's answer to the cry for "Americanization."

Normal schools are supported by the state to train teachers. Since 1917 normal school attendance in Massachusetts has fallen off 27 per cent. After training two or three years, young women find that they have trained for positions which do not pay as much as other positions which they might have trained for in three months. This explains why girls who actually graduated from normal school last year did not go into teaching. They could get better pay as filing clerks.

Since 1913 food prices have gone up 85 per cent, clothing 106 per cent and fuel 63 per cent, according to Federal statistics. Teachers' salaries have gone up 12 per cent. It is comparatively easy to get cities to vote for new school buildings. (Real estate owners, building contractors and architects are sometimes interested.) But when the suggestion to give teachers more pay is made no one is interested—except the treasury watch dogs. Cities take pride in fine school buildings. Whomever heard a city boasting that it had paid teachers salaries worthy of their responsibility?

## Prominent Banker

### Comes to Alberta

We clip the following from the Edmonton Journal:

"The opening up of the Bank of Toronto on Jasper and Howard avenues, Edmonton, brings to this city, as manager of the new branch, Mr. F. H. Reid, one of the most promising bankers in western Canada.

"Born in Walkerton, Ontario, in 1881, Mr. Reid came to the west in 1898 and is one of the many men from the eastern provinces who has made good in his chosen profession in the west. He began his banking career in the office of a private banker at Rapid City, Manitoba, and transferred to a chartered bank two years later. He entered the service of the Bank of Montreal in North America in 1907 but, four years later left that institution for an appointment in the Winnipeg office of another bank, where he served as manager and supervisor until his recent appointment on the staff of the Bank of Toronto to open their branch in this city. In his different positions in the past Mr. Reid has proven to be possessed of conspicuous ability as a banker, and with his wide experience and fine reputation he will be a welcome addition to local banking circles.

"The establishment in Edmonton of a branch of such a sound institution as the Bank of Toronto, which dates its incorporation sixty-four years back to 1856, with a manager of such extensive western experience as Mr. Reid, should be of great assistance to business men and others in the building up of the west."

Mr. Reid is a son of Mr. and Mrs. J. R. Reid of Maple Creek, and a brother of Mrs. E. L. Stone of this town.

## GROWING GARDEN SEEDS.

Circular No. 17 of the Dominion Experimental Farms shows that seed of most varieties of vegetables can be grown at home of as good or better quality than is the imported seed. To insure having good seed, however, it should be produced from the best plants of the crop rather than from those which happen to be left unused. This publication which is entitled "Every Gardener His Own Seed Grower" is obtainable from the publications branch of the Department of Agriculture at Ottawa and tells how to grow, select and care for seeds of such garden crops as beans, corn, cucumbers, egg plants, lettuce, melons, parsley, peppers, peas, radishes, tomatoes and some other crops.

# NEW TIME TABLE

FOR C. P. R. TRAINS.  
The following is the new schedule of the C. P. R. which goes into effect on June 1st, giving a list of the time trains pass through here after that date.

**GOING EAST.**  
No. 3 leaves Redcliff 1:30 p. m.  
No. 19 leaves Redcliff 10:50 p. m.  
**GOING WEST.**  
No. 4 leaves Redcliff 8:30 p. m.  
No. 14 (flag) leaves Redcliff 10:50 a. m.  
This is railroad-time, which means that in all cases trains run one hour earlier than town time.

## ITEMS OF LOCAL INTEREST

W. T. Lockwood is sporting a fine new "Nash" car these days; it is some car.

Mrs. P. Lavelle, who has been visiting her mother, returned home last Friday.

Geo. Ross, who has been in his farm in the Drumheller district all spring, spent a few days in town this week and returned yesterday.

Mrs. R. R. Scott is confined to her bed this week suffering from a second of influenza. Although quite ill her condition is not considered dangerous.

Just as we go to press a million dollar rain is falling in all directions. Already we have had a good soaking and it looks as though it was settling down for an all night shower.

Mr. and Mrs. C. G. T. Harcourt and family left yesterday for Vancouver, Victoria and other British Columbia points where they will spend their vacation visiting friends. During Mr. Harcourt's absence W. N. Shepherd will act as manager of the Imperial bank here.

Capt. C. S. Pingle was in town last Friday evening with a party of C. P. R. officials, among whom were President Beattie and Messrs. Coleman and Cameron. The distinguished visitors were shown through the different industries and expressed themselves as surprised and pleased at the substantial showing here along industrial development.

A large and jolly crowd turned out to box social and dance held by the Springs last Friday evening under the auspices of the U. F. A. of that district. The many handsome boxes with their tasty contents drew spirited bidding and netted something in the neighborhood of \$45.00. The music for the dance was supplied by local talent and was all that could be desired. On the whole a most enjoyable evening was spent.

The high winds for the first few days of this week were reasonable for several cases of "heaves" among men and women alike. Probably the worst case reported was that of one of the head men in connection with the one health department at the Redcliff Mill. He was going home from his work last Monday night and when out on the prairie he noticed what looked like a ferocious, active, fleet-footed animal coming straight for him. His first impulse was to face the brute but as it rapidly drew nearer he suddenly decided that "he who runs away lives to fight another day." With a right-about face he started back for the plant at full speed. The pursuer, however, soon overtook him and was a great relief to the man who had faced the rear of the furnace and the lava sparks from the laud, to see that the cause of his apprehension was only an innocent bunch of tumbleweed.

Work has already been started on the making of a good road from Main street into the country.

Rev. and Mrs. Greenstreet will be at Redcliff at the vicarage next Tuesday afternoon from 8 to 6.

Mrs. Herbert Moore, of the Jenner district, is passing a few days in town this week visiting friends.

According to the Calgary Albertan a Liberal candidate for Medicine Hat constituency is to be held in the Hat on June 6th.

LOST—A dog's collar with tag No. 57 attached. Finder will be rewarded by leaving same at Mac's cigar store.

Word was received in town this week that Mrs. Roy Crouch, formerly of this town, died suddenly at her home in Ashland, Oregon. No particulars concerning her illness or her demise have yet been received by friends here.

The tennis court was fittingly opened last Saturday afternoon when a number of the more enthusiastic assembled at the grounds and spent an enjoyable session. During the afternoon the ladies played refreshments and several interesting sets were played.

Mr. Wm. Henderson, Sr., leaves on Saturday for Hamilton, Ont., where he will represent this Presbytery at the General Assembly of the Presbyterian church. While east Mr. Henderson will visit friends in his old home town. He expects to be away about three weeks.

Premier Borden and Hon. A. L. Sifton, member for this constituency in the Dominion house, returned to Canada this week. The premier greatly prizes the of Mr. Sifton while acting as British representative of the international commission on the international regime of port, rivers and waterways.

While crops around here are not actually suffering for rain as yet, a good heavy shower would be quite acceptable. For the past few days conditions looked as though rain might come at any time. During last night we had two slight showers but scarcely enough moisture fell to lay the dust. Today it is still cloudy and looking like rain. Seeding operations are now complete in this district.

Two accidents occurred at the Rolling Mill last Monday. A piece of hot metal struck F. O. McLean about the head, but his plaques and other protection prevented what might have been a serious injury to his eyes. He was able to return to work again today. By the explosion of gas in one of the furnaces A. Ardinger was badly burned about the face and hands as a result of which he will be confined to the house for several days. Although the wounds are not serious they are very painful.

**\$50 VICTORY BOND HOLDERS.**  
In 1917, \$50,415 \$50 Victory Bonds were allotted to subscribers to the Victory Loan and, in 1918, \$12,414 of the same denomination were allotted. This shows how important the small investor has become to the country. It is quite probable that during two years \$50 Victory Bonds were taken by nearly 1,000,000 people in Canada. One may be sure that very few of them ever bought a bond before. They were an addition to the number of investors in government securities. The problem is to retain them as such. War Savings Stamps may do this, they being a government "Baby Bond," which may be bought on easier terms than Victory Bonds were. Review is \$150 a Year. Why not Subscribe now.

German war losses up to April 30 last were: Dead, 5,000,400; wounded, 4,000,000; missing, 1,155,922; a total of 10,156,322, according to figures published in Berlin.

### HASTENING THE CORN CROP

The corn growers in the colder and more northern parts of Canada might find some advantage from the use of superphosphate as a fertilizer. Dr. F. T. Shutt, Dominion chemist, points out in an article in the Agricultural Gazette for May, that one of the more important functions of a phosphoric acid fertilizer is to hasten maturity and expresses the view that an application of it will materially hasten the ripening of the corn crop, more especially in an adverse season. By this means the corn may reach the "glazing" stage before there is much risk from early autumn frost and the time for cutting has arrived. He suggests an application of, say, 350 pounds of superphosphate per acre broadcast or drilled in on prepared land before planting. In order that the effect might be noted, Dr. Shutt suggests that a strip alongside should be left untreated.
